

Wine Cabinet, 144 Bottle

Series 7 | Contemporary

Stainless Steel

Designed to match our family of products, our stylish stainless steel wine cabinet provides a stable temperature and humidity for any varietal.

- 144 bottle capacity
- With dual temperature zones, to ensure you can perfectly store wines of all varieties
- Brushed metal handle and timeless stainless steel design

DIMENSIONS

Height	1855 mm
Width	595 mm
Depth	639 mm

FEATURES & BENEFITS

- Total control**
Maintaining the perfect environment for your red and white wines is easy with the dual zones in your wine cabinet. The control panel gives you the ability to set each zone to between 5°C and 20°C and to adjust LED lighting and fans.
- Complete visibility**
Your wine collection is always on display through UV tempered glass and LED lighting. Bottles nestle on stylish oak slide out shelves and a top shelf tilts so you can showcase your favourite

wines.

- Storage perfected**
The fan helps circulate air inside your wine cabinet while oak shelves and a low vibration compressor ensure optimal storage. The UV tempered glass door reduces the risk of external light affecting your wine.
- Seamless integration**
Our wine cabinets are designed to match the Fisher & Paykel family of products with stylish brushed stainless steel and glass doors that complement any kitchen.
